

## Residential

### Digital TV made simple for your home

DAS is your TV one-stop shop and no matter what your needs we guarantee first-rate service, hassle-free installation and the very best equipment - all at a fiercely competitive price.

As well as our own large fleet of mobile engineers we have established a network of tried and tested partners the length and breadth of the UK, so no matter where you are, we guarantee to solve your digital problem quickly and efficiently.

DAS is proud to be official partners of both Sky and Freeview, as well as being members of the industries trade body the Confederation of Aerial Industries and playing a key role in the government's Digital Tick initiative.

And because our aim is to make digital TV simple we've pulled together a glossary that explains many of the technical terms you may have already come across.

With a wealth of experience behind us we can assist you with everything from Sky and Freeview installations to obtaining overseas channels and DAB digital radio.

Whatever your request we guarantee to charge you a fiercely competitive price for the work we carry out.

To contact us call us now on 0800 138 3052.

### Local to You

Our large fleet of DAS engineers, together with the network of affiliated partners we have created, means that we are always local to you.

That means if you're in Bristol, London, Birmingham, Nottingham, Manchester, Newcastle, Glasgow Belfast and anywhere in-between - we can respond to your request as soon as possible.

And once we arrive you'll find our engineers are expertly trained, health and safety qualified and courteous at all times - they'll even take their shoes off if you like...it's your house so what you say goes!

At DAS we also promise to charge a fair price for a job well done and we always do our very best to fit in with your budget.

## Free Shared Dish

If you're a tenant in a communal block that would like to have SKY installed DAS can offer you a fantastic new solution.

The Free Shared Dish (FSD) scheme means that many small to medium sized multi-dwelling properties can have a state-of-the art communal digital TV system fitted totally free of charge.

Free Shared Dish is the hassle-free, cost-effective communal satellite system for blocks with fewer than 49 flats. FSD is both a hassle free and cost-effective way to give those residents who want Sky TV the chance to enjoy all the benefits that it has to offer.

As long as just four or more flats in a block subscribe to Sky TV, the entire system could be fitted for free.

For more information either call DAS on 0800 138 3052 yourself or speak to your landlord and recommend that they contact us.

### Maintenance cont.

Outstanding customer service is also something we pride ourselves on and your tenants will have access to a fully staffed 24 hour telephone helpdesk and benefit from the rapid response times we employ.

As a DAS client you will also receive full written reports on completion of each callout and a weekly report of completed and outstanding service calls and our flexible pricing means you can even take advantage of our pay as you go option.

To find out more about what we can offer call us now on 0800 138 3052.

### Cost

DAS converts thousands of communal dwellings to digital each and every month, which means we can guarantee that the price you receive from us will be fiercely competitive.

The thoroughly comprehensive site surveys which form the backbone of our quotations are also performed totally without charge.

To contact our communal dwellings team call us free on 0800 138 3052.
